

UCR Chemistry has created an interactive Gather.town site for you to browse our research groups and take a virtual tour of our state-of-the-art analysis facilities.

- You must use a computer to access Gather.town
- To join, click on this link: <https://gather.town/app/DvnH4MP2FrkhQL7e/UCRChem>
- Use your keyboard arrows to walk around the space.
- When we walk near a poster, a preview image of the poster will appear. If you would like to view the poster full screen and interact with it, hit the “x” key on your keyboard.

- Please note it may take up to 5 seconds for the poster to finish loading after hitting ‘x’.
- If you would like to Zoom In to the poster, click the magnifying glass icon on the right side of the poster.

dolore magna aliquyam erat, sed diam
At vero eos et accusam et justo duo dolores
um. Stet citta kasd gubergren, no sea
sanctus est Lorem ipsum dolor sit amet
sum dolor sit amet, consetetur sadipscing
diam nonumy eirmod tempor invidunt ut
dolore magna aliquyam erat, sed diam
At vero eos et accusam et justo duo dolores
um. Stet citta kasd gubergren, no sea .

- You can watch videos in “Tour the Facilities” by hitting the “x” key on your keyboard near each Facility section.

- Thanks for visiting! If you’re interested in **applying to the Ph.D. program in Chemistry at UCR**, please follow the instructions at this link: <https://chem.ucr.edu/applying-graduate-program/how-to-apply-checklist>
 - When you are ready to get started, click the big orange button that says “Apply Now” in this link. We look forward to reading your application!
